

COMPENSATION & BENEFITS SURVEY

Ensure your compensation strategy is backed by market data.

With constant changes in the labor market, you need the data to help you align pay scales with industry standards, reduce turnover, improve retention, and make informed & strategic compensation decisions.

The Compensation & Benefits Survey provides data from 200+ companies, covering 200+ job categories and thousands of employees.

PARTICIPATE:

When you participate, you will receive:

- The Manufacturing Trends Report
- A discount on purchasing the Survey
- A customized participant profile ranking your data against other companies when you purchase the Survey

Participation is a straightforward process to contribute data, providing a robust report for you and manufacturers looking to remain competitive in the job market.

**PARTICIPATION RUNS
NOW-JANUARY 31**

PURCHASE:

When you purchase, you will receive:
